I have managed screening checkpoints that are central to TSA objectives that serve to protect the traveling public by preventing any deadly or dangerous objects from being transported onto an aircraft.

I have recognized and recommended correction of improper use or application of equipment, providing guidance to subordinates, and answering routine questions presented by subordinates.

I have managed and supported the collections of various performance metrics in an effort to identify areas in need of process improvement and systemic or individual weaknesses, vulnerabilities, or inefficiencies in the screening process.

I have coordinated national and local crisis management and incident response protocols.

I have recognized and understood the customer service needs of the traveling public and balances these needs with safety and security in mind.

I have worked cooperatively with airport stakeholders in furtherance of the TSA mission.

I have monitored individual performance and provided frequent communication in order to promote screener development.

My Supervisory/Managerial duties include serving as a first line supervisor for the organization. This includes but is not limited to: assigning work, setting priorities, and reviewing and evaluating work and performance of subordinates; approving leave; coaching and developing employees; recommending corrective or disciplinary actions; assisting in budget planning and projecting short-term needs; managing projects within assigned resources; resolving routine problems that typically impact the objectives of the organizational unit; and when required, coordinating with customers outside the immediate organization.

I Assess surroundings and/or available information to make time-sensitive security-related decisions related to security incidents, emergency situations, and/or customer service issues.

I have managed operational security program(s) and personnel to mitigate threats against civil aviation and other transportation modes (e.g., Checkpoints, Coordination Center).

I have knowledge of the roles of other federal, state, and local agencies in regard to security issues, threats, and challenges facing TSA.

I have managed the collection of performance metrics in order to identify vulnerabilities, inefficiencies, or areas requiring improvement.

I have implemented operational changes to improve the security, efficiency, and/or effectiveness of operations and have adjusted operational strategies to ensure performance standards are met.

I apply knowledge of transportation security policies, directives, and/or regulations to analyze or evaluate the effectiveness of security procedures.

I implemented practices and procedures that conform to TSA security policies, directives, and/or regulations.

I have monitored and auditing compliance with security policies, directives, and/or regulations, and also have modified existing practices and procedures to conform to changes in security policies, directives, and/or regulations. I have set goals and established priorities.

I have developed contingency plans to overcome possible risks or threats to organizational objectives.

I have Prepared and delivered oral and written briefings, presentations, and reports to a wide variety of audiences. Answer to this question is required.

I have used databases and other systems to analyze information and create reports.

I have collaborated across boundaries (e.g., internal and external) to build strategic alliances and achieve common goals.

I have applied knowledge of leadership principles and techniques to effectively guide and direct airport staff.

I have built and managed a workforce based on organizational goals, budget considerations, and staffing needs.

I have completed administrative duties regarding personnel actions for direct reports (e.g., performance appraisal, recommending rewards, counseling, and disciplining).

I have identified and addressed developmental needs of subordinates (e.g., by facilitating training, coaching, or providing feedback).

**Cadet**

**Duties, Accomplishments and Related Skills:**

As a United States Army cadet I was trained to be an Army Officer. I also trained other cadets on the process of becoming an Army Officer. I was a mentor to the cadets under me. I would instill the discipline and give them the skills they need to become successful in their ROTC career.

I was in charge of 10 to 20 cadets. I would teach classes, prepare briefings, give briefings, and even plan training events for months in advance. I have been approached many times to train cadets on certain standards and policies. I have disciplined and reeducate many cadets who did not follow those standards. I would counsel cadets quarterly on their progress in their ROTC career. In these counselings I would let them know where they were at in their progress to become an officer, I would let them know what they need to do to continue on the road to become an Army Officer, and let them know where they need improvement, because there is always room for improvement. I was required to write detailed memorandums, fill out counseling forms, create powerpoint slides, create safety forms for the safety briefings, and write up Operation Orders for the training schedules.

On many occasions I was in charge of training events, making sure all equipment was ready and in operational order, making sure the cadets knew where the training events were located at and what safety hazards that were currently in the training area. I would observe and report to my superiors on the progress of the cadets in their skills to becoming an officer.

**Security Officer**

**Duties, Accomplishments and Related Skills:**

As a security guard I was in charge of the safety and security of numerous sites such as commercial properties, high rise buildings, office complexes and schools. My daily duties consisted of confirming all equipment was present at the start and end of my shift. All my work sites consisted of conducting patrols of property for any damage or vandalism every hour, securing doors and unarming/rearming of alarms when needed.

At the start and end of my shift I would keep accountability of all the equipment. I would inspect and report to the supervisor if the equipment was not able to be used for the job.

I supervised certain sites when property management was not present. As a safety professional I provided excellent customer service to our clients and the client's customers while securing the property I would make sure that all tasks were complete on my end and balanced the work load for the next shift security officer. I would write Daily Security Activity Reports, Incident Reports and updating post orders as needed for the property to run properly.

I have also trained many trainees at different sites. I would oversee the trainee's performance according to the post orders. Observing them in their tasks and giving feedback on how to perform the task better and how to be more proficient in securing the properties.

I often had to deal with unexpected events and complaints during my shift. Sometimes while one incident was going on another occurred. I would calmly work on what incident took priority and though on how to resolve the other issue and had all issues resolved before the end of my shift.
